Objective:

To secure a position in the Multimedia/Graphic Design field that will use and develop my technical and creative skills.

Related Skills:

Graphics: Photoshop, Illustrator, InDesign, Quark, Dreamweaver, Flash
3D Studio Max, Final Cut Pro, Microsoft Office, HTML, CSS.

Audio/Sound Design: Pro Tools, Logic, Cubase, Reason, Wavelab, complete understanding of midi and audio sequencing and production.

Education:

2005 Westwood College

Graduated Westwood with an Associates of Applied Science in Graphic Design and Mulitmedia.

1997 The Recording Workshop

Completed the required program in music recording, mixing and commercial production. I worked on and completed media projects involving midi and digital editing.

Job Experience:

2003 - Present Freelance Designer

Create multiple projects for clients that include sound design, web site creation, Flash products, print and logo design. Visit thehouseofmedia.com for portfolio.

2003 - 2007 Guitar Center

A leader in sales in the Pro Audio department where I moved up quickly becoming Department Manager then Assistant Manager and developed my customer skills and product knowledge.

2003 - 2004 Alkemia Productions

Interned as a Graphic Designer creating multiple projects for print and web.

1998 - 2003 Wooster Country Club

Worked in various areas of the restaurant becoming skilled in fine dining food preparation.
